

NEW MEXICO REGIONAL PRESIDENT OF PHI THETA KAPPA NATIONAL HONOR SOCIETY

Dear New Mexico Phi Theta Kappa Advisors and Members:

My name is Julianna Pablo, born and raised in the Philippines, and then moved here to New Mexico last January 2021. I was already starting Nursing school in the Philippines when my mom convinced me to move here with my dad and brother to be with her. It was a rough transition as I had to go back to square one by taking pre-requisites for the Nursing program here despite finishing Level 1 nursing because my credits did not transfer. Nonetheless, I have been living the time of my life by traveling to the different tourist destinations such as White Sands, Sandia Peak, Blue hole, and Carlsbad Caverns. I like spending time with my friends, traveling, working out, watching movies, and playing volleyball whenever I have time.

As a newly elected Phi Theta Kappa Regional President for the State of New Mexico, I'm honored to be the first-ever Filipino woman to serve in this position. I'm attending Central New Mexico Community College and will be starting Level 1 Nursing this Fall of 2022. I am looking forward to graduate by the Fall of 2023 and take NCLEX to become a Registered Nurse. I also plan to transfer to a 4-year university to continue my studies and get my bachelor's degree in Nursing. If given the opportunity, I would like to get into medical school as I have always wanted to become a doctor since I was young.

After my first term, I started receiving emails from PTK about joining the membership. I ignored it for two months until I asked my friend what benefits we get from the organization. Thus, one of my main goals this year is to increase our membership by informing students across the state about what we do and what PTK can do for us. I also plan on increasing student engagement with our current PTK members to help each member make the most informed career decision and expand their network of connections; in doing so, motivate more potential students to join our community. I am excited to welcoming new members of our PTK community and to meeting you all at our upcoming Fall onference.

My email is open for fresh new ideas or any suggestions that will benefit and improve our PTK experience. Please do not hesitate to email me if you are interested at engaging in any of our activities. I wish you all a successful and memorable term this Fall!

Sincerely,

Julianna Pablo
